

Dear Student,

Welcome to Crescendo Summer Institute! We are sure that it will be the right place to bring in your talent and develop your artistic gift through lessons and concerts.

You have applied for scholarship or social discount. Because our financial resources are limited we might not be able to give you the help you need.

But there are many other possibilities to raise funds for yourself. By investigating them and giving us report about the results of your search the chance would raise that you could take part in the Crescendo Summer Institute. Please, give us a feedback even if your search was not as successful as hoped or if you found other sources of support. We want to learn more about the existing sources. And we nevertheless want to help you.

We could give your feedback form also to the donors of the Crescendo Summer Institute! You can find the feedback form at the end of this email.

We need your feedback to help our work. Your feedback is also necessary for your scholarship application. In order to be eligible for scholarship or social discount, the feedback form below must be sent to office@crescendohungary.org latest by May 31. Please note: request will be decided only after the feedback has arrived.

Here come some suggestions for raising own funds:

1. Organize a charity concert in your home, in the home of a friend, in a church...
2. Approach cultural foundations supporting young talents (Rotary Club, Lions Club).
3. Approach business people and companies, offering them a musical „thank you“ contribution in one of their events – maybe at their next Christmas reception.
4. Approach the cultural department of your city / county / country.
5. Approach family members.
6. Approach your church - if you are a church member

We wish you much success!

With kind regards,
the Crescendo Summer Institute team
